JavaScript

Git

Node.js

RESTful APIs

HTML5

Responsive Web Design

CSS3

- Developed a responsive and user-friendly wholesale e-commerce platform using JavaScript, HTML5, and CSS3.
- Implemented key features such as user management, admin panel, cart and order management, and inventory validation.
- Integrated RESTful APIs for seamless data interaction and designed a mock payment gateway.
- Applied responsive web design principles for optimal functionality across various devices.
- Utilized version control with Git to manage project changes effectively.
